I recommend 3 if possible. If not possible, then 1 would do (although not optimal).

Amy,

I know that I told you that we have received the Agreements 6-9 from Covance. Unfortunately they signed under Philip Morris Incorporated instead of under Covance Laboratories Inc.

Any ideas on how to correct?

A couple of thoughts come to my mind, but need your review and advice prior to proceeding.

- 1) just make arrows so Rick signs under Covance;
- 2) white out each company and send both copies back to Covance for their initials; or
- 3) Have Covance print off the last page, sign in the correct place and send via overnight mail (I think this one is the best???)

Just let me know what to do from a Legal perspective.

Thanks,
